

## ATLAS Business Aptitude Test (BAT)

### About Aptitude Test

The purpose of our aptitude test is to evaluate your proficiency in essential areas including quantitative aptitude, logical reasoning, verbal reasoning, business communication, written communication, and verbal communication. We aim to assess if you possess the desired and well-rounded combination of these skills that are necessary to thrive in our academically challenging BBA program. Please note that the test is designed to help us have a comprehensive understanding of the breadth and depth of your abilities and aptitude. Therefore, no one section or one score, but rather the combination of scores against all sections will be utilized to assess the outcome of this stage.

A. a

B. b

C. c

D. d

**Answer: C**

**Q. Rearrange the sentences to form a coherent paragraph**

P. One theory is that it began as a planet, got too near the more massive earth, was 'captured' and turned into a satellite.

Q. All the moon gazing, probing and measuring has never solved the big problem: its origin.

R. Another is that the latter theory is true, scientists say, there would be two clues: the moon would consist of lighter material than the earth, and the earth would be left with a scar.

S. As a matter of fact, the moon does weigh less. And the Pacific Ocean does have a scar like the bottom of basaltic rocks instead of the granite rocks usually found near the earth's surface.

A. QPRS

B. PQRS

C. RSQP

D. SQPR

**Answer: A**
